VOL. 5. NO. 54 MONESSEN, PA., MONDAY, AUGUST 27, 1906. SIX CENTS THE WEEK

SOME TIMELY SUGGESTIONS AS TO DUTIES OF BURGESS.

An Exchange Defines Authority of Chief Executive and Appeals for Legislation in His Favor.

The following article taken from the Braddock News is timely and contains some sound reasoning and advice.

"Several attempts have been made in recent years to define the duties of burgess and to clothe the office with the powers of a chief executive in conformity with a model and the spirit of our representative system of government, but the decision of the courts in the case of the burgess of Uniontown indicates that additional legislation is sadly needed.

If the burgess is anything he is the chief executive of the borough. As such he is in the natural order of things charged with the duty of preserving the peace and enforcing the borough ordinances. It is evident that this is impracticable, if not impossible, unless he has full and unrestricted control of the police force.

Judge Reppert decides that the Act of June 6, 1883 places this power in the hands of the Town Councils. They alone have the authority to appoint, control direct, and discharge the members of the police force. If this be so, it follows that they alone are responsible for the good order and safety of the community.

This is monstrous, uncertain, unsafe and un-American. The coming legislature ought to model borough government more closely after that of the State and Nation. The President is the Commander-in-chief of the United States army and navy; the government is commander-in-chief of the military and naval officers of the State; and the burgess should be the commander-in-chief of the police force. He should also have the magnified right to veto over all legislative acts of the town council, including appropriations and expenditures and contracts involving the expenditure of the people's money. He should be the safety-valve of the corporation's government.

If he is not, his misleading title should be taken away, his office abolished and the responsibilities of municipal government placed wholly upon the town council. Such a condition would be an unhappy one for the people, but it would be consistent at least."

A Good Bill

At the Star Theatre this week another good bill is on. Ashton and Earl the well known laugh makers will produce their funny one-act playlette entitled, "The Editor of Fudge." Miss Jessie Hereford in her Poses Plastique and Serpentine dancing presents an act which is especially interesting for the ladies. One of the dresses which will be worn by Miss Hereford contains 200 yards of silk. Alexander Elder will sing the illustrated songs again this week. The life motion pictures, "An Impossible Voyage" are great. Mr. McStaffrey presented these pictures the opening week and they took unusually well. This weeks program as a whole is fine. Get the habit.

The Rostraver township farmers who oppose better roads for Monessen are now reaping their reward. Saturday the Westmoreland county court ordered an extra assessment of four mills to be laid on all taxable real estate in the township to pay off the Dr. Griffith damage which amounts to $10,000 00. It will be remembered that Dr. Griffith was traveling the township road between Monessen and Belle Vernon over one year ago when his horses took fright at a street car and leaped over a twenty foot embankment permanently injuring the occupant in the buggy. Suit was brought and a verdict given in favor of the plaintiff.

A foreigner, who was ejected from one of the cars of the local trolley line between here and Belle Vernon, yesterday afternoon, threw a brick at the conductor. MONESSEN CONFRONTED BY AN ICE FAMINE.

Local Retail Dealers Notified that Supply May be Cut Off at any Time and Town Left Without Ice.

Monessen is confronted with an ice famine and unless there is a change in the weather within the next few days or the supply of ice becomes greater than it has in the past two weeks the consumers will be up against a serious condition of affairs. The retail dealers cannot get ice at any price for the manufacturers have refused to supply them claiming that their plants are not of sufficient capacity to supply the ever increasing demand and that within the next few days entire towns will be cut off the list and no shipment made at all.

One of the retail dealers stated this morning that the conditions confronting the town at present are serious and there seems to be no other remedy than to shut off private consumers and to furnish the merchants only. The excuse given by the ice companies is that their plants have been overtaxed on account of the continued hot weather and many of them are constantly breaking down and causing great annoyance. The local plant of the Independent Brewing Company can scarcely be depended upon to supply the hotels so great is the demand during the hot weather. No immediate relief is apparent and the local ice men are alarmed over the situation and warn the people to be on the lookout for the worst.

MERCHANTS' DUTY

It is to be hoped that the "home merchant" will show some little appreciation for the action taken by Mayor Shutterly in enforcing the city ordinance which provides a penalty for huckstering or peddling within the city limits, without taking out a license. It is understood that the parties representing a Toledo wholesale house who were arrested last week for selling groceries from house to house have appealed their case to court. The borough may yet have to fight the case in court and should such be necessary it will be for the protection of the merchant and not for the interest of the taxpayers in general. The merchant should not forget that he has a duty to perform at home as well, he owes a debt of gratitude to the city and to others for their loyalty to him and he should not ask that others who sell cheaper be barred from entering the city unless he is loyal to home institutions.

We know merchants in the town who set up an awful howl because some people trade with Sears Roebuck & Co., but these same fellows send out of town for then job work because they think they can save a few paltry pennies, they never take an ad in either of the local papers, but if they think some one is intruding the least bit on their rights they rush to the newspaper for assistance and ask the Editor "to remain loyal.' Matters have taken somewhat of a serious attitude in Monessen and the newspapers have remained loyal too long and they are being trampled under foot by the very merchant who preaches loyalty to home institutions. The newspapers are the index to the prosperity of the community, and the corrector of evils, always willing and ever ready to stand up for the city's rights and further the interest of the business man and the taxpayer but in return the newspaper should at least have consideration.

The actions of the Mayor in enforcing the ordinance is commendable, the press of the city has stood by him and we trust that the "home merchant" will appreciate it.

Couldn't Lift Ten Pounds.

Doan's Kidney Pills Brought Strength and Health to the Sufferer, Making Him Feel Twenty-Five Years Younger.

Sick kidneys cause a weak, lame or aching back, and a weak back makes a weak man. Can't be well and strong until the kidneys are cured. Treat them with Doan's Kidney Pills. Here's the testimony of one man cured.

J. B. CORTON.

J. B. Corton, farmer and lumberman, of Deppe, N. C., says "I suffered for years with my back. It was so bad that I could not walk any distance not even ride in easy buggy. I do not believe I could have raised ten pounds of weight from the ground, the pain was so severe. This was my condition when I began using Doan's Kidney Pills. They quickly relieved me and now I am never troubled as I was. My back is strong and I can walk or ride a long distance and feel just as strong as I did twenty-five years ago. I think so much of Doan's Kidney Pills that I have given a supply of the remedy to some of my neighbors and they have also found good results. If you can sift anything from this rambling note that will be of any service to you, or to any one suffering from kidney trouble, you are at liberty to do so."

A FREE TRIAL of this great kidney medicine which cured Mr. Corton will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

A CLOSE GAME.

In a Clean Snappy Contest the Belle Vernon Yannigans Get Their Hair Lifted.

Webster defeated the Belle Vernon Yannigans Saturday by the score of 2 to 1. Naylor pitched a good game for Webster holding the visitors down to two hits and striking out eight men. He was given good support. Clegg also pitched good ball. The game was fast, clean and snappy.

WEBSTER NOTES.

A. A. Perkins was a business visitor in Monessen this morning.

John Bambridge was in Irwin over Sunday visiting with his parents.

Albert Wenzel spent Sunday with friends in Pittsburg.

Fred C. Slathers attended the Bentlyville camp meeting yesterday.

Webster presented an almost deserted appearance today. Everyone who could went on the boat excursion, run by the Roman Catholic church of Donora, to Lock 5.

A crowd of about twenty Webster people were driven to Bentlyville camp meeting yesterday, in a tally-ho. They spent the entire day on the grounds returning home about 7:30 in the evening.

A foreigner employed at the Budd mines was taken to the Mercy hospital on the 4:18 train Saturday afternoon, suffering a fractured leg sustained in an accident which occurred on the tipple, where he worked. He together with a number of other workmen were engaged in fixing up a new dirty cable when the old one snapped throwing him from the tipple.

A Coming Wedding.

The marriage of Miss Ada Taggert, a popular young lady of Fayette City to Mr. Frank H. Steen one of Monessen's prominent real estate men, will take place at the home of the bride's parents near Fayette City, Wednesday evening, August 29.

Letter to W. A. Miller,

Monessen Pa

Dear Sir There's twice as much horse in one horse as there is in two or three others together.

So with paint too. If a painter can do your job with 10 gallons of Devoe for $50, it'll take 12 15 or 20 of other paints and the cost of a job is about $5 a gallon, whatever the paint may be.

There are paints adulterated three quarters—only one quart of paint in a gallon—he's got to paint four gallons of rubbish to get one gallon of paint. The worst horse you've got is as good as that paint and he'll go as far.

The less gallons paint, is the paint, as the nose-nose is the horse.

Yours truly,

F. W. DEVOE & CO
